WORK EXPERIENCE

Interior Designer, Office DeKor, Gurugram 05/2025 – Present

- Draw 2D plans, 3D renders and material boards for corporate office projects
- Make AutoCAD drawings and 3ds Max lighting renders for client presentations
- Work directly with contractors, workers and site managers to get finishes delivered on time
- Choose finishes and fabrics that look good but hold up in a busy office

Freelance Interior Designer, Residential Projects (2BHK and 3BHK flats) 04/2025 – 06/2025

- Planned layouts around each family's needs, age groups and budget
- Designed modular kitchens, wardrobes and false ceilings, and prepared the technical drawings
- Selected materials and finishes to suit each client's budget
- Presented theme and design options so clients could choose before work began

Freelance Graphic Designer 2020 – 2024

- Designed brochures, logos, visiting cards and book covers for small businesses, authors and individuals
- Created custom artwork on request using Photoshop, Illustrator and CorelDRAW

PROJECTS

Corporate Office, 3,200 sq. ft. Lead Designer

- Planned an industrial-style office with workstations, MD cabins, a boardroom and a reception and waiting area
- Prepared AutoCAD layouts and selected materials based on the client's brief
- Created detailed technical drawings for furniture, electrical, plumbing and intercom
- Made mood boards and the presentation deck for client approval; handled the Bill of Materials (BOM)
